

GEOLOGICAL SOCIETY SPECIAL PUBLICATION NO. 305

Communicating Environmental Geoscience

EDITED BY

D. G. E. LIVERMAN

Geological Survey of Newfoundland and Labrador, Canada

C. P. G. PEREIRA

Geological Survey of Newfoundland and Labrador, Canada

and

B. MARKER

Independent Consultant, UK

2008

Published by
The Geological Society
London

Contents

LIVERMAN, D., PEREIRA, C. P. G. & MARKER, B. Communicating environmental geoscience: introduction	1
NIELD, T. Altered priorities ahead; or how to develop fruitful relationships with the media	5
BOYKOFF, M. T. Media and scientific communication: a case of climate change	11
WARD, R. E. T. Good and bad practice in the communication of uncertainties associated with the relationship between climate change and weather-related natural disasters	19
HERMELIN, M. & BEDOYA, G. Community participation in natural risk prevention: case histories from Colombia	39
MAP:GAC PROJECT, Guidelines for landslide hazard mapping in the Andes: speaking one language	53
DI GIULIO, G. M., PEREIRA, N. M. & DE FIGUEIREDO, B. R. Lead contamination, the media and risk communication: a case study from the Ribeira Valley, Brazil	63
SCHMIDT-THOMÉ, P. & KAULBARSZ, D. Communicating uncertainty in climate-change adaptation and decision support; further development of the Gdańsk case study	75
WALSBY, J. C. GeoSure; a bridge between geology and decision-makers	81
ROYSE, K. R., REEVES, H. J. & GIBSON, A. R. The modelling and visualization of digital geoscientific data as a communication aid to land-use planning in the urban environment: an example from the Thames Gateway	89
DONNELLY, L. J. Communication in geology: a personal perspective and lessons from volcanic, mining, exploration, geotechnical, police and geoforensic investigations	107
CATTO, N. R. & PAREWICK, K. Hazard and vulnerability assessment and adaptive planning: mutual and multilateral community–researcher communication, Arctic Canada	123
PETTERSON, M. G., TOLIA, D., CRONIN, S. J. & ADDISON, R. Communicating geoscience to indigenous people: examples from the Solomon Islands	141
BARCLAY, J., HAYNES, K., MITCHELL, T., SOLANA, C., TEEUW, R., DARNELL, A., CROSWELLER, H. S., COLE, P., PYLE, D., LOWE, C., FEARNLEY, C. & KELMAN, I. Framing volcanic risk communication within disaster risk reduction: finding ways for the social and physical sciences to work together	163
SIMPSON, C. J. Communicating environmental geoscience; Australian communication pathways	179
MARKER, B. Communication of geoscience information in public administration: UK experiences	185
LIVERMAN, D. G. E. Environmental geoscience; communication challenges	197
Index	211
