# TABLE OF CONTENTS

## Session CIVE-1: Soft Computing Control in Virtual Environments

*Thursday, April 2, 8:30AM-10:30AM, Room: Kingsley, Chair: Zeeshan-ul-hassan Usmani, Florida Institute of Technology, USA*

**Stable Design of Fuzzy Controllers for Robotic Telemanipulation Applications [#6] ........................................ 1**

Radu-Emil Precup, Stefan Preitl, Emil M. Petriu, Jozsef K. Tar, Mircea-Bogdan Radac and Claudia-Adina Dragos
Politehnica University of Timisoara, Romania; University of Ottawa, Canada; Budapest Tech Polytechnical Institution, Hungary

**High-resolution Stereo Video Rectification Through a Cost-efficient Real-time GPU Implementation Using Intrinsic and Extrinsic Camera Parameters [#10] ........................................................................................................ 7**

Fabien Goslin, Florian Schramm, Claude Andriot, Alexandre Bouchet and Simon Richir
Arts et Metiers ParisTech, LAMPA, France; CEA-LIST, France; CLARTE, France

**Selective Elasticity Data Acquisition on 3D Deformable Objects for Virtualized Reality Applications [#11] ........................................................................................................ 14**

Ana-Maria Cretu, Pierre Payeur and Emil M. Petriu
University of Ottawa, Canada

## Session CIVE-2: Virtual Environmnet Applications 1

*Thursday, April 2, 11:00AM-1:00PM, Room: Kingsley, Chair: Azzedine Boukerche, University of Ottawa, Canada*

**An Intelligent Agent-Based Framework for Privacy Payoff Negotiation in Virtual Environments [#17] ......20**

Abdulsalam Yassine and Shervin Shirmohammadi
University of Ottawa, Canada

**A Holistic Approach to Assessing Students' Laboratory Performance using Bayesian Networks [#9] ......26**

Ifeyinwa E. Chika, Djamel Azzi, Alan Hewitt and James Stocker
University of Portsmouth, United Kingdom

**3D Face Synthesis Based on the Information of Words Expressing Facial Features [#13] .........................33**

Futoshi Sugimoto and Masahide Yoneyama
Toyo University, Japan

**First 24 Hours on the Internet - A Marketing Perespective [#3] ............................................................39**

Zeeshan-ul-hassan Usmani, Amina Tariq and Talal Puri
Florida Institute of Technology, United States; National University of Emerging Sciences, Pakistan; GE Transportation, United States
Session CIVE-3: Virtual Environment Applications 2
Thursday, April 2, 2:00PM-4:00PM, Room: Kingsley, Chair: Fabien Goslin, Ecole Nationale Supérieure d'Arts et Métiers, France

Architectural Design for the 3D Virtual Radiology Department using Virtual Reality Technology [#16] ......45
Azzedine Boukerche, Abdulaziz Al Hamidi, Richard Pazzi and Luqman Ahmad
University of Ottawa, Canada

Virtual Iraq - Simulation of Insurgent Attacks [#4] .................................................................53
Zeeshan-ul-hassan Usmani, Eyosias Imana and Daniel Kirk
Florida Institute of Technology, United States

Intelligent Path Finding for Avatars in Massively Multiplayer Online Games [#15] ......................61
Dewan Ahmed and Shervin Shirmohammadi
University of Ottawa, Canada
