

PROCEEDINGS OF THE 14TH INTERNATIONAL CONFERENCE ON TAILINGS AND MINE  
WASTE, VAIL, COLORADO, USA, 17-20 OCTOBER 2010

# Tailings and Mine Waste '10

**CRC Press**

Taylor & Francis Group

Boca Raton London New York Leiden

---

CRC Press is an imprint of the  
Taylor & Francis Group, an **informa** business

A BALKEMA BOOK

## Table of Contents

Preface	IX
Organization	XI
 <i>Keynote papers</i>	
Improving the safety of mine waste impoundments <i>N.R. Morgenstern</i>	3
History and developments in the treatment of oil sands fine tailings <i>J.C. Sobkowicz</i>	11
 <i>Mill tailings</i>	
Tailings impoundment failures, black swans, incident avoidance, and checklists <i>J. Caldwell &amp; L. Charlebois</i>	33
New directions in tailings management <i>C. Strachan &amp; J. Caldwell</i>	41
Overview: Tailings disposal and dam construction practices in the 21 <sup>st</sup> century <i>A.J. Breitenbach</i>	49
A history of South African slimes dams engineers <i>J. Caldwell &amp; G. McPhail</i>	59
Unique geosynthetic liner system for uranium mill tailings disposal <i>G.T. Corcoran &amp; H.R. Roberts</i>	65
Optimizing tailings deposition concentration at Minera Yanacocha, Peru <i>M. Keevy &amp; R. Cooke</i>	71
 <i>Geotechnical considerations</i>	
Peak and critical-state shear strength of mine waste rock <i>Z. Fox &amp; J.A.H. Carraro</i>	79
Ore geotechnical testing for heap leach pad design <i>J. Lupo &amp; A. Dolezal</i>	91
Critical state liquefaction assessment of an upstream constructed tailings sand dam <i>C.D. Anderson &amp; T.L. Eldridge</i>	101
Heap leach pad cover design analyses Salmon, Idaho <i>I. Hutchison, A. Whitman, J. Juliani &amp; T. Hadj-Hamou</i>	113
The effect of tailings characteristics on cover system success <i>J. Keller, M. Milczarek, T.M. Yao &amp; M. Buchanan</i>	121

## *Water management and water treatment*

- Dewatered tailings practice – trends and observations 133  
*M. Davies, J. Lupo, T. Martin, E. McRoberts, M. Musse & D. Ritchie*
- Groundwater modeling at the Panna Maria uranium facility in support of an ACL application 143  
*M. Gard, J. Warner, L. Cope & K. Raube*
- A priori* and *posterior* probabilities in operational water balances for tailing storage facilities 157  
*S.F. Truby, V. Lishnevsky & J.R. Kunkel*
- Single process arsenic and antimony removal using coagulation and microfiltration 165  
*J.R. Tamburini, H.C. Liang & S.J. Billin*
- Mitigating impacts from acid-producing rock in Tennessee road construction projects 171  
*J.J. Gusek, V. Bateman, J. Ozment, L. Oliver, D. Kathman, J. Waples, T. Rutkowski, H. Moore, W. Bowden & A. Reither*
- 20-day design build to save \$50 million worth of equipment 187  
*S.J. Tamburini & S.J. Billin*
- The simultaneous removal of arsenic and manganese at a gold mine in Nevada 195  
*H.C. Liang, S.J. Billin & J.R. Tamburini*

## *Geochemistry*

- The impact of short-term variations of weather conditions on the chemism of rain water runoff from flotation wastes of Mississippi Valley-type Zn-Pb ores (southern Poland) 203  
*A. Bauerek*
- The effect of weathering on the acid-producing potential of the Goathill North Rock Pile, Questa mine, NM 213  
*V.T. McLemore, N. Dunbar, S. Tachie-Menson & K. Donahue*
- Effect of reservoir pool changes on metals release from mining-contaminated sediment 229  
*T. Moyer, B. Striggow, J. Eldridge & C. Zeller*
- Neutral mine drainage water-quality impacts from a former taconite mine 241  
*B. Hanna*
- Benefits of timely and valid geochemical characterization of mine waste for life of mine and closure planning: A case study of Newmont Boddington Gold Mine in Western Australia 253  
*N. Amoah, R. Haymont & G. Campbell*

## *Containment systems*

- Disposal of coal mine slurry waste using geotextile containers at the North River Mine, Chevron Mining Inc. 265  
*M. Watts & E. Trainer*

Identification, management and disposal of PCB-containing equipment used in mines <i>D.W. Bench</i>	275
Waste management practices at Alaska's large mines <i>J. DiMarchi &amp; J. Vohden</i>	285
East Mission Flats Repository design—challenges and case history <i>D.K. Vernon, Jr. &amp; A. Mork</i>	295
Physical properties of mill tailings as foundation material for waste repositories, Bunker Hill Superfund Site <i>J.S. Woolston</i>	305
 <i>Dry Stack/Paste</i>	
Dry stack tailings design for the Rosemont Copper project <i>L. Newman, K. Arnold &amp; D. Wittwer</i>	315
Dry stack tailings – design considerations <i>J. Lupo &amp; J. Hall</i>	327
Reprocessing of tailings of Chador-Malu iron ore, Iran <i>H. Nematollahi</i>	335
 <i>Oil Sands</i>	
Suncor Pond 5 coke cap – The story of its conception, testing, and advance to full-scale construction <i>P.S. Wells, J. Caldwell &amp; J. Fournier</i>	341
Treatment of fluid fine tailings with silica <i>R.H. Moffett</i>	347
Filtration tests on PVD filter jackets in fine oil sands tailings <i>Y. Yao, A.F. van Tol, B. Everts &amp; A. Mulder</i>	355
Suncor oil sands tailings pond capping project <i>G. Pollock, X. Liu, E. McRoberts, K. Williams, P.S. Wells &amp; J. Fournier</i>	367
Review of oil sands tailings technology options <i>C.B. Powter, K.W. Biggar, M.J. Silva, G.T. McKenna &amp; E.B. Scordo</i>	381
Case study: Sand capping of weak tailings at Suncor's Pond 1 <i>E. Olauson, R. Dawson &amp; P.S. Wells</i>	393
The use of geosynthetics in the reclamation of an oil sands tailings pond <i>C. Athanassopoulos, P.S. Wells, S. Trinca &amp; W. Urchik</i>	401
A new approach to oil sand tailings management <i>L. Lawrence &amp; Z. Ali</i>	409
 <i>Environmental issues</i>	
A landscape design approach for the sustainable reclamation activities of a post-mining area in Cartagena, SE Spain <i>S. Kabas, A. Faz, D.M. Carmona, S. Martinez-Martinez, R. Zornoza &amp; J.A. Acosta</i>	419
Priority setting in Idaho's Coeur d'Alene Basin <i>B. Adams &amp; D.R. Pitzler</i>	427

Acid mine drainage as a sustainable solution to eliminate risk and reduce costs <i>J. Cormier</i>	439
Chemical compound forms of cadmium in uranium tailings of Schneckenstein <i>T. Naamoun &amp; B. Merkel</i>	451
Uranium residue impacts on ground and surface water resources at the Schneckenstein site in East Germany <i>T. Naamoun &amp; B. Merkel</i>	457
Author index	471
