

*Proceedings of  
the Third International Conference on  
Management Science and Engineering Management*

Bangkok, Thailand, November 2-4, 2009

---

**Organized by**

International Society of Management Science and Engineering Management

**Edited by**

**Prof. Jiuping Xu**

Sichuan University, P. R. China

**Dr. Voratas Kachitvichyanukul**

Asian Institute of Technology, Thailand

**Prof. Yong Jiang**

International Society of Modelling and Simulation, UK

**Sponsored by**

The National Natural Science Foundation of China and the National Research Council of Thailand

World Academic Union (World Academic Press)

# Contents

<b>Advancements of management science and engineering management based on the Third ICMSEM</b> <i>Jiuping Xu</i> .....	1
<b>Part I Operations Management</b>	
<b>Development of a hybrid genetic algorithm for multi-objective problem for a vehicle routing problem</b> <i>Masahiro Arakawa, Toshitaka Bou</i> .....	10
<b>Modeling telecommunications network operation cost reductions by shared delivery platforms</b> <i>Thomas Frisanco</i> .....	16
<b>A stochastic inventory model for newsvendor-type products with two warehouses</b> <i>Shengdong Wang, Yongwu Zhou, Junping Wang</i> .....	23
<b>Making multiple attribute decision with DEA method</b> <i>Junwen Feng, Xiaoyan Li</i> .....	29
<b>AHP-based evaluation for the performance of digital libraries in China</b> <i>Jane Jing Xu, Tsz Leung Yip</i> .....	33
<b>The astringency research of interactive group decision making based on makers rational action</b> <i>Jianzhong Chen</i> .....	38
<b>Research of real estate investment based on option game</b> <i>Shujing Zhou, Bang Liu, Zhongda Zhang</i> .....	44
<b>The Grey Model and its application to forecast of inbound visitors from Mainland China to Macau</b> <i>Zhonglu Zeng, Yong Zheng</i> .....	48
<b>Bicriteria integer programming approach for scheduling the Brazilian national soccer tournament</b> <i>Celso C. Ribeiro, Sebastián Urrutia</i> .....	55
<b>A hybrid backlog - lost sales inventory control policy for poisson demand process</b> <i>Huynh Trung Luong, Phunharux Yuvasavee</i> .....	59
<b>Part II Logistics and Supply Chain Management</b>	
<b>Lean, agile, resilient and green supply chain: a review</b> <i>Helena Carvalho, V. Cruz Machado</i> .....	66
<b>Research on spatial pattern of logistics industry development in China</b> <i>Guoping Cheng, Yinggui Qiu, Yanhui Wu</i> .....	77
<b>Research on the dynamic transmission path of supply chain risk</b> <i>Qin Liu, Gang Liu</i> .....	84
<b>Game theory analysis of the vertical channel conflict</b> <i>Huanyu Dai, Ying Liu</i> .....	88
<b>Market conditions of synergetic evolution of the integrated logistics systems</b> <i>Hui Shu</i> .....	91
<b>The reverse logistics research based on 4PL in E-commerce</b> <i>Bin Xu, Shiyang Kang</i> .....	95
<b>Ant colony algorithm applied to relief materials dispatch based on China's partner assistance policy</b> <i>Yunqing Cheng, Hongchang Mei, Xue Song</i> .....	100

<b>Research on the structure of price in supply chain management</b> <i>Jun Tian , Changqin Sheng</i> .....	105
--	-----

### Part III Uncertainty Decision Making

<b>A hybrid genetic algorithm to the vehicle routing problem with fuzzy traveling time</b> <i>Jianyong Zhang , Jun Li</i> .....	111
<b>The research of ability evaluation on green manufacturing of Chinese manufacturing enterprises based on fuzzy neural network</b> <i>Tao Hong, Zhiqiang Ma, Qian Fan</i> .....	117
<b>The study on evaluation for airline safety based on uncertain information</b> <i>Huawei Wang , Yanfeng Wang</i> .....	124
<b>A new construction agent optimization model based on improved fuzzy multi-objective many-person decision making method</b> <i>Yunna Wu, Yumin Wang, Jianhua He</i> .....	129
<b>A new algorithm for the fuzzy shortest path problem in a network</b> <i>Zezhong Wu , Fenghua Zheng</i> .....	134
<b>The study of mobile communication technology diffusion in China with fuzzy Bass Model</b> <i>Zhigao Liao</i> .....	141
<b>A class of probability-based fuzzy analytic hierarchy process method</b> <i>Sheng Li, Zhineng Hu, Hongxia Xiao</i> .....	146
<b>Fuzzy comprehensive evaluation on rainfall utilizing irrigation project plan</b> <i>Shu Shi, Shanshan Xu, Yang Cui, Kesen Chen</i> .....	154
<b>Research on the enterprise competence of management accounting based on fuzzy AHP groups and attribute mathematical model</b> <i>Shiyuan Xu, Jintao Zhan, Chao Chen</i> .....	158
<b>Motivation decision based on uncertain information for public scientific research institutions</b> <i>Shaohong Feng , Dong Li</i> .....	162

### Part IV Engineering Project Management

<b>Railroad inspection employing a Non-Uniform B-Spline Approach</b> <i>J. Chacón Muñoz, F. García Márquez, C. Roberts, M. Papaelias</i> .....	170
<b>The study on the predicting methods of completion cost based on schedule variance</b> <i>Xiaozhong Yu , Ling Wan</i> .....	177
<b>Developing a model for risk correlation analysis based on stakeholder theory for China's construction projects</b> <i>Tiejun Deng , Xiangyun Zhou</i> .....	182
<b>The research on customer satisfaction evaluation of energy-saving buildings based on RBF neural network</b> <i>Zhiqiang Ma , Qingbo Meng</i> .....	190
<b>Value engineering approach to enhance the value of university library</b> <i>Wentao Shi, Jialin Hou, Yufei Hou</i> .....	195
<b>General contract management information system for China Chongqin Yuchu Hydropower Station Hinge engineering based on the platform of P3&amp;EXP&amp;VS</b> <i>Xuanhua Xu, Xiaohong Chen, Jing Cao, Fang Li</i> .....	198
<b>Multi-resource leveling of engineering project based on improved differential evolution algorism</b> <i>Lianying Zhang , Shushan Zhang</i> .....	203

<b>Design and construction of an automated monitoring system for mobile network system error with control chart</b>	
<i>Noppakit Konjai , Wichai Chattinnawat</i> .....	208

## Part V Industrial Value Chain

<b>Tourism cluster development of central vietnam: a global chain perspective</b>	
<i>Truong Hong Trinh , Voratas Kachitvichyanukul</i> .....	214
<b>Research on evolution mechanism and symbiotic patterns of Eco-industry in mining area</b>	
<i>Dianming Geng, Xudong Xi, Kejun Fu</i> .....	221
<b>Study on the Hefei high-tech industrial cluster based on the combination of diamond model and AHP</b>	
<i>Weizhong Fu , Ping Kuang</i> .....	226
<b>The empirical study on the process of industrialization of Hefei city</b>	
<i>Weizhong Fu , Jun Lu</i> .....	233
<b>Optimization of incentive mechanisms of technological innovation based on firms' slack resources</b>	
<i>Xinqing Sun , Heping Zhong</i> .....	241
<b>Analysis on VSC' efficient operation</b>	
<i>Fan Zhang , Wei Ma</i> .....	246
<b>The study on the status of systematic innovation of science-technology value chain of the national agricultural enterprises in China</b>	
<i>Gang Huang, Ying Li, Wei He</i> .....	252
<b>Modular organization and corporate gene rebuilding</b>	
<i>Sheng Ma, Hongling Xu, Deyue Fu</i> .....	257

## Part VI Enterprise Management

<b>Quality assurance in the field of technical education through autonomy and industry-institute interaction</b>	
<i>Mahadev Talawar , Iqbal Ahmmed</i> .....	266
<b>The model building of organizational learning effect and empirical study in Chinese context</b>	
<i>Xueguo Xu , Yiqun Zhang</i> .....	272
<b>Research on the improvement of economic growth model based on the human capital</b>	
<i>Weizhong Fu , Shu Jing</i> .....	277
<b>The evaluation of process capability of multiple quality characteristics based on probability of unqualified products</b>	
<i>Fumin Deng</i> .....	281
<b>Comparative research on the model of client-losing in life insurance based on data mining</b>	
<i>Yue He, Jingsi Liu, Li Gu</i> .....	284
<b>A study on operational strategy and innovation of implementation model for environment protection in business</b>	
<i>Yongjun Tang, Xiaoguo Xiong, Yu Wei</i> .....	288
<b>A framework of ERP systems adoption from organizational and individual perspective</b>	
<i>Liming Zhang , Hongkun Dai</i> .....	293
<b>Ultimate ownership and firm performance: further evidence from Chinese private listed firms</b>	
<i>Shu'e Yang, Kun Su, Bei Yang</i> .....	299
<b>Research about small and medium enterprises strategy cooperation network</b>	
<i>Feng Lin , Yan Zhang</i> .....	306

<b>Research on complexity of the human resource share based on SDN</b> <i>Feng Lin, Li Chen, Jie Sang</i> .....	311
<b>Research of the human capital value under Co-Governance</b> <i>Li Lu, Jingfang Wang</i> .....	316
<b>The impact of inter-organizational learning and trust on firm innovativeness: the mediating role of joint problem solving</b> <i>Hua Song, Lan Wang, Zheyu Liu</i> .....	322
<b>A probe into the synergy of benefit distribution &amp; its correlation to corporate performance-a case study of Chinese 90 listed corporations</b> <i>Weiping Wang, Jianxin Lu</i> .....	327

## Part VII Financial Management

<b>A genetic relation algorithm for portfolio selection</b> <i>Yan Chen, Kotaro Hirasawa</i> .....	335
<b>Study on flexibility measuring of the financial strategy under dynamic environment</b> <i>Fangjing Wang, Weili Xia, Jijiao Jiang, Xiaoming Gao</i> .....	341
<b>An empirical analysis of influence on agency costs from corporate financial structure</b> <i>Zhili Han, Haojiang Shi</i> .....	348
<b>A short term speculative capital model in Mainland China</b> <i>Jiping Wang, Man Zhao</i> .....	355
<b>Control-ownership divergence and earnings management: evidence from China</b> <i>Zhigao Shao, Qin Zhang</i> .....	362
<b>The size of venture capital funds' portfolios: evidence from Mainland China</b> <i>Ming Sun, Sihai Fang</i> .....	369
<b>Asymmetric information and asset returns-an empirical study of Shenzhen stock market</b> <i>Jueming Lei</i> .....	374
<b>Market power and optimal contract in delegated portfolio management</b> <i>Jiliang Sheng</i> .....	381
<b>An adaptive wavelet-based singular point detector for the stock trend analysis software</b> <i>Xinhua You, Gang Liu</i> .....	385
<b>The change of strategic management of enterprise caused by finance crisis</b> <i>Jialin Hou, Guanlong Cao</i> .....	391
<b>Construction strategy of VCs firms portfolio from industrial organization perspective: empirical evidence from Mainland China</b> <i>Renyou Tan, Sihai Fang</i> .....	395
<b>Empirical study on the interactions between investor's sentiment and stock returns</b> <i>Qiang Zhang, Mingmao Deng, Shue Yang</i> .....	403

## Part VIII Knowledge Management

<b>Knowledge management road map for competitive advantage in technical institutions</b> <i>G. B. Danashetti, S. V. Patil</i> .....	410
<b>Portfolio decision model: a solution and a guidance</b> <i>Hong Yu, Bei Yu</i> .....	416
<b>Partnering strategies of innovative start-up firms: an interfirm knowledge network simulation study</b> <i>Yongyi Shou, Yilun Huang</i> .....	420

**The relationships among absorptive capacity, knowledge management and technology transfer performance**  
*Zhaoquan Jian , Liu Rong* ..... 425

**Knowledge management in technical institutions is the key-competitive edge**  
*Mahadevi Banad , Anupama Banad* ..... 431

## Part IX Risk and Emergency Management

**Application of the theory of thermodynamic entropy in crisis management**  
*Shijun Tang* ..... 441

**Research on decision models of risk management**  
*Jialin Hou, Juan Liu, Wentao Shi* ..... 446

**A function framework of emergency response training platform for airways in China**  
*Jingying Zhang, Mingliang Qi, Hong Chi, Lei Ji, Kangsheng Zhou, Yahui Wang, Jie Yao* ..... 449

**Innovative card-based process management study of venture capital projects**  
*Yun Zhang , Yanyun Qian* ..... 455

**Research on identification matrix of enterprises' 3D financial risks**  
*Youtang Zhang, Ziqin Feng, Suyi Jiang* ..... 459

**The role of venture capital in listed companies: evidence from Mainland China**  
*Ming Sun , Sihai Fang* ..... 467

**A study on operational mechanism and risk management of BiaoHui**  
*Wen Xiao , Gaobang Lin* ..... 473

## Part X Others

**Adaptive stabilization under saturated input demand**  
*M. De la Sen , O. Barambones* ..... 480

**The model research of minimizing the concurrent design cycle based on process conflict**  
*Guihai Yang, Weidong Liu, Qiuxian Dong, Min Zhu* ..... 484

**A comparative study on advertising mode of Baidu and Google**  
*Xiazhong Zheng, Shu Chen, Zhengwei Huang, Ting Yang, Jie Guo* ..... 489

**Study on the adjacent pipeline failure consequence model of oil-gas transportation pipeline**  
*Xiaowan Wang , Zhengshan Luo* ..... 494

**Empirical analysis on the effect of higher social education on institution change**  
*Yongjie Wang, Guang Chen, Lu Hong, Guangyu Wang* ..... 499

**Method of interval prediction based on non-equidistant GM (1, 1) and linear regression combination**  
*Chunhua He, Yan Cui, Bingjun Li* ..... 504

**Study on ANP-based evaluation system of project team effectiveness maturity**  
*Minghai Yang , Tiqin Zhang* ..... 510

**A modified logit type parking choice model**  
*Xizhao Zhou, Linchi Qu, Siqin Yu* ..... 515

**The influence of psychological contract on work attitude of top management: an empirical study**  
*Li Zhou* ..... 519

**The role of skewness in GARCH modeling**  
*Libing Fang, Bingshen Kuo, Yong Zeng* ..... 522

**A research on the E-Government project in China's midwest areas**  
*Xiang Zhong , Xiaodong Xu* ..... 529

<b>Three cycle model of technological innovation and linking models based on the science-technology value chain</b> <i>Gang Huang, Ying Li, Yonglu Tang, Yunliang Peng</i> .....	536
<b>Study on the unit root test theories and methods</b> <i>Bin Dai, Xihua Qu, Li Liu</i> .....	541
<b>Author Index</b> .....	547
