Stephen Blundell

MAGNETISM
A Very Short Introduction

OXFORD UNIVERSITY PRESS
Acknowledgements xiii

List of illustrations xv

1 Mysterious attraction? 1
2 The Earth as a magnet 13
3 Electrical current and the path to power 24
4 Unification 41
5 Magnetism and relativity 53
6 Quantum magnetism 62
7 Spin 72
8 The magnetic library 85
9 Magnetism on Earth and in space 101
10 Exotic magnetism 121
   Mathematical appendix 133
   Further reading 135
   Index 137
