

# **Investigation of an alternative pyrometallurgical route for titanium production**

**Doctoral Thesis**

**(Dissertation)**

to be awarded the degree  
Doctor of Engineering (Dr.-Ing.)

Submitted by

**Mahdi Farhani**

from Tehran

approved by the Faculty of Natural and Materials Science,  
Clausthal University of Technology

Date of oral examination

23.05.2017

# Contents

Abstract .....	I
Acknowledgments .....	III
<b>1 Introduction</b> .....	<b>1</b>
<b>2 Literature Review</b> .....	<b>3</b>
2.1 The Kroll process .....	4
2.2 TiCl <sub>4</sub> -based processes .....	9
2.2.1 The Armstrong/ITP method .....	9
2.2.2 Other TiCl <sub>4</sub> -based methods .....	11
2.3 TiO <sub>2</sub> -based processes .....	12
2.3.1 FFC/Cambridge method .....	12
2.3.2 OS method .....	13
2.3.3 Other TiO <sub>2</sub> -based methods .....	15
2.4 The proposed process .....	16
2.4.1 Production of titania slag .....	16
2.4.2 Aluminothermic reduction .....	23
2.4.3 Refining .....	27
2.5 Goals of the present research .....	49
<b>3 Production of modified titania slag</b> .....	<b>51</b>
3.1 Experimental methods .....	51
3.1.1 Reduction of iron in powder experiments .....	51
3.1.2 Electrostatic separation .....	55
3.1.3 Reduction of iron in pellet experiments .....	56
3.1.4 Calculation of the reduced fraction .....	57
3.1.5 Separation melting .....	58
3.2 Results and discussion .....	59
3.2.1 Ilmenite powder reduction .....	59
3.2.1.1 Excess coal separation .....	70
3.2.2 Ilmenite pellets reduction .....	72
3.2.3 Separation melting .....	74

<b>4 Aluminothermic reduction</b>	<b>86</b>
4.1 Experimental methods .....	86
4.2 Results and discussion .....	88
<b>5 Refining the aluminothermic pre-alloy</b>	<b>104</b>
5.1 Experimental methods .....	104
5.1.1 Making the crucibles.....	104
5.1.2 Melting Ti-Al alloys in CaO crucible .....	106
5.2 Results and discussion .....	108
5.2.1 Pure CaO crucibles.....	108
5.2.2 Melting the aluminothermic metal in pure CaO crucibles .....	110
5.2.3 Melting Ti-Al alloys in CaO crucible .....	115
5.2.3.1 Studying the crucibles after the experiments .....	124
5.2.4 Melting Ti-Al-O in CaO-based crucibles .....	127
5.2.4.1 CaO-TiO <sub>2</sub> crucible.....	127
5.2.4.2 CaO-ZrO <sub>2</sub> -CaF <sub>2</sub> crucible.....	130
5.2.4.3 CaO-graphite crucible.....	134
5.2.4.4 CaO-tall oil crucible .....	134
<b>6 Conclusions</b>	<b>141</b>
<b>7 Further research</b>	<b>143</b>
<b>8 References</b>	<b>145</b>
<b>List of figures</b>	<b>155</b>
<b>List of tables</b>	<b>161</b>
<b>Curriculum Vitae</b>	<b>163</b>
