I. LIST OF FIGURES	XI
II. LIST OF TABLES	XII
III. LIST OF ABBREVIATIONS	XIII
1. INTRODUCTION	1
1.1. From complex causalities in strategy and entrepreneurship to researching configurations.....	1
1.2. Opportunities for configurational research in strategy and entrepreneurship.....	5
1.2.1. Business model design and firm performance.....	6
1.2.2. Social entrepreneurship and strategies for scaling social impact	8
1.2.3. Corporate venture capital: A short-lived phenomenon?	11
1.3. How to do configurational research: An introduction to qualitative comparative analysis and its application in strategy and entrepreneurship research	14
1.3.1. Peculiarities of QCA and how it works	14
1.3.2. The rise of QCA as promising method in strategy and entrepreneurship research.....	19
1.4. Short summaries of the research articles	21
1.4.1. Chapter 2: A configurational approach in business model design.....	22
1.4.2. Chapter 3: Ambiguities untangled: A new perspective on scaling social impact	23
1.4.3. Chapter 4: How agency conflicts affect the survival of corporate venture capital units.....	24
2. A CONFIGURATIONAL APPROACH IN BUSINESS MODEL DESIGN	26
2.1. Introduction.....	27
2.2. Theory.....	29
2.2.1. Novelty.....	30
2.2.2. Efficiency.....	31

2.2.3. Lock-in.....	31
2.2.4. Complementarities.....	32
2.3. Business model design as configurational approach.....	33
2.4. Data and method.....	35
2.4.1. Data collection.....	36
2.4.2. Measures.....	36
2.4.3. Configuration analysis.....	38
2.5. Results.....	39
2.5.1. High market value as outcome.....	39
2.5.2. Excluded configurations	44
2.5.3. Low market value as outcome	46
2.6. Discussion and conclusion	46
3. AMBIGUITIES UNTANGLED: A NEW PERSPECTIVE ON SCALING SOCIAL VALUE	49
3.1. Introduction.....	50
3.2. Theoretical background	52
3.2.1. Scaling social value.....	52
3.2.2. Configuration theory.....	54
3.2.3. Conditions facilitating the scaling of social value.....	57
3.3. Data and methodology	61
3.3.1. Measures and calibration	63
3.3.2. Analyses.....	68
3.4. Results.....	69
3.4.1. Ambiguity of (in-)dependence.....	70
3.4.2. Ambiguity of replicability	72
3.4.3. Ambiguity of the founder's influence.....	73
3.4.4. Strategy types for successfully scaling social value	75
3.4.5. Configurations for achieving low scaling success.....	76
3.5. Discussion.....	76
3.5.1. Ambiguity of success factors	77
3.5.2. Equifinal success factor bundles.....	78

3.5.3. Empirical evidence of configuration theory	79
3.6. Limitations and future research	80
4. HOW AGENCY CONFLICTS AFFECT THE SURVIVAL OF CORPORATE VENTURE CAPITAL UNITS	81
4.1. Introduction.....	82
4.2. Theoretical background	85
4.2.1. CVC and survival.....	85
4.2.2. Agency theory.....	86
4.2.3. CVC and agency theory	87
4.2.4. Conditions, interrelations, and propositions	88
4.3. Sample and methodology.....	93
4.3.1. Sample	93
4.3.2. Analytical approach	94
4.3.3. Measures and calibration	95
4.3.4. Analyses.....	97
4.4. Results and discussion.....	98
4.4.1. Results – configurations leading to survival and non-survival.....	98
4.4.2. Discussion	102
4.5. Conclusion	109
4.6. Limitations and future research	110
IV. REFERENCES.....	112
