Human Performance Technology:
Concepts, Methodologies, Tools, and Applications

Information Resources Management Association
USA

Volume I
Table of Contents

Preface .............................................................................................................................................. xxiv

Volume I

Section 1
Fundamental Concepts and Theories

Chapter 1
The Environmental and Technological Factors of Multitasking......................................................... 1
Lin Lin, University of North Texas, USA
Bill Lipsmeyer, Sikorsky Aircraft Corporation, USA

Chapter 2
Start-Ups for the Generations in Digital Economy ............................................................................. 20
Iuliana Camelia Stoenică, Valahia University, Romania
Alina Stanciu, 1 Decembrie 1918 University, Romania

Chapter 3
The Call to Teach Human Capital Analytics ...................................................................................... 33
Clive Trusson, Loughborough University, UK

Chapter 4
Ethical Dimensions of NBIC-Convergence ...................................................................................... 51
Elena Grebenshchikova, Institute of Scientific Information for Social Sciences of the Russian
Academy of Sciences, Russia

Chapter 5
Patrick Lin, California Polytechnic State University, USA
Max Mehlman, Case Western Reserve University, USA
Keith Abney, California Polytechnic State University, USA
Jai Galliott, Macquarie University, Australia
Chapter 6
Super Soldiers (Part 2): The Ethical, Legal, and Operational Implications ................................................................. 82
Patrick Lin, California Polytechnic State University, USA
Max Mehlman, Case Western Reserve University, USA
Keith Abney, California Polytechnic State University, USA
Shannon French, Case Western Reserve University, USA
Shannon Vallor, Santa Clara University, USA
Jai Galliott, Macquarie University, Australia
Michael Burnam-Fink, Arizona State University, USA
Alexander R. LaCroix, Arizona State University, USA
Seth Schuknecht, Arizona State University, USA

Chapter 7
Human Performance Technology and the Effects on Web-Based Instruction Performance Efficiency ............................................. 106
Esra Aycı Güzeldereli, Afyon Kocatepe University, Turkey
Utku Kose, Usak University, Turkey
Aslıhan Tüfekci, Gazi University, Turkey

Chapter 8
The Lessons of Human Resource in The Theory of Constraints .................................................................................. 121
Brian J. Galli, Long Island University, USA

Section 2
Development and Design Methodologies

Chapter 9
Using Modeling and Simulation Techniques to Improve the Accountability and the Performance of Human Resource Management ..................................................... 137
Florea Nicoleta Valentina, Valahia University of Targoviste, Romania
Manea Marinela Daniela, Valahia University of Targoviste, Romania

Chapter 10
Awareness Based Recommendation: Passively Interactive Learning System ............................................................. 167
Tomohiro Yamaguchi, Nara National College of Technology, Japan
Takuma Nishimura, NTT Neomeit, Japan
Keiki Takadama, The University of Electro-Communications, Japan

Chapter 11
Using the Experience of Evoked Emotion in Virtual Reality to Manage Workplace Stress: Affective Control Theory (ACT) .................................................................. 187
Jennifer G. Tichon, Griffith University, Australia
Timothy Mavin, Griffith University, Australia
Chapter 12
Narcissism as a Predictor of Facebook Users’ Privacy Concern, Vigilance, and Exposure to Risk
Karen Smith, Texas State University, USA
Francis Mendez, Texas State University, USA
Garry L. White, Texas State University, USA

Chapter 13
Organizational Analysis Leads to Dissection of Recurrent Training Issues
Melanie E. Ross, Old Dominion University, USA
Jill E. Stefaniak, Old Dominion University, USA

Chapter 14
A Systematic Evaluation of a Soccer Club’s College Advisory Program
Seung Youn (Yonnie) Chyung, Boise State University, USA
Stacey E. Olachea, Boise State University, USA
Colleen Olson, Boise State University, USA
Ben Davis, Boise State University, USA

Chapter 15
Human Capital Accumulation in Medical Simulated Learning Environments: A Framework for Economic Evaluation
Fiorentina Angjellari-Dajci, Jacksonville University, USA
Christine Sapienza, Jacksonville University, USA
William F. Lawless, Paine College, USA
Kathleen Kavanagh, Jacksonville University, USA

Chapter 16
Accounting for Individual and Situation Characteristics to Understand the User Behaviour When Interacting With Systems During Critical Situations
Yuska P. C. Aguiar, Federal University of Campina Grande, Brazil & Federal University of Paraiba, Brazil
Maria de Fátima Q. Vieira, Federal University of Campina Grande, Brazil
Edith Galy, Université de Provence (Aix-Marseille I), France & Experimental Research Center PsyCLE, France
Charles Santoni, Université Paul Cézanne (Aix-Marseille III), France

Chapter 17
Evaluation of IT Projects in the Context of Human Performance Technology: Principles, Processes, and Models
Ilker Yakin, Mersin University, Turkey

Chapter 18
WPKT: Work Process Knowledge Template for Codification of Organizational Process Knowledge
Akhilesh Bajaj, University of Tulsa, USA
Meredith Bates-Thornton, Verizon, USA
Section 3
Tools and Technologies

Chapter 19
Chandra Sekhar Patro, GVP College of Engineering (Autonomous), India

Chapter 20
Using a Predictive Rating System for Computer Programmers to Optimise Recruitment: Using
Ratings to Optimise Programmer Recruitment ..................................................................................... 397
Paul J. Bracewell, DOT loves data, New Zealand
Ankit K. Patel, DOT loves data, New Zealand
Evan J. Blackie, DOT loves data, New Zealand
Chris Boys, Umano, Australia

Chapter 21
Investment Climate Factors with Reference to Firm Performance in Bangladesh: A Prospective
Cohort Study .......................................................................................................................................... 413
Farhana Ferdousi, East West University, Bangladesh
Arun Kumar Sangaiah, VIT University, India

Chapter 22
A Driver's Mind: Psychology Runs Simulation ....................................................................................... 429
Marco Lützenberger, Technische Universität Berlin, Germany

Chapter 23
Management Control Systems: Concepts and Approaches ................................................................. 455
Filippo Zanin, University of Udine, Italy
Eugenio Comuzzi, University of Udine, Italy
Antonio Costantini, University of Udine, Italy

Chapter 24
The Role of Benchmarking in Managerial Performance ....................................................................... 474
Alina Stanciu, 1 Decembrie 1918 University, Romania
Ana-Maria Ifrim, Titu Maiorescu University, Romania

Volume II

Chapter 25
Performance Improvement of a Sales Training Feedback System ....................................................... 486
Simone G. Symonette, Indiana University, USA
