		BLADES PLC CASE STUDY: Decision to expand internationally	27
		SMALL BUSINESS DILEMMA: Developing a multinational sporting goods industry	28
PART I: The international financial environment	1		
1 Multinational financial management: an overview	2	2 International flow of goods, services and investments	29
Goal of the MNC	3	Balance of payments	30
Conflicts with the MNC goal	3	Current account	32
Agency theory	3	Capital account	33
USING THE WEB	4	Financial account	33
USING THE WEB: Internet millionaires	7	Overall balance	34
External influences	7	USING THE WEB	34
Constraints interfering with the MNC's goal	9	Understanding the balance	34
International business methods	10	The relation between the current and financial account	35
International trade	10	Current account in surplus, financial account in deficit (Type 1, Exhibit 2.4)	35
USING THE WEB: Trade conditions for industries	10	Current account in deficit, financial account in surplus (Type 2, Exhibit 2.4)	35
Licensing	11	Current account and financial account in balance (Type 3, Exhibit 2.4)	36
Franchising	11	International trade flows	37
Joint ventures	11	Distribution of exports and imports for major countries (Exhibit 2.5)	37
Acquisitions of existing operations	12	Balance of trade trends (Exhibit 2.6)	39
Establishing new foreign subsidiaries	12	Updated trade and investment conditions	40
Special Purpose Vehicles	12	USING THE WEB	40
Summary of methods	13	Investment flows	40
USING THE WEB	13	Trade agreements	42
Exposure to international risk	13	USING THE WEB	42
Exposure to exchange rate movements	14	Trade disagreements	42
Exposure to foreign economies	14	Factors affecting international trade flows	45
Exposure to political risk	15		
Overview of an MNC's cash flows	15		
Host country MNC relationships	17		
MNC valuation	18		
Stock market valuation	18		
Valuation in the accounts	18		
Financial academic models	19		
MANAGING FOR VALUE: Yahoo!'s decision to expand internationally	20		
Organization of the text	21		

Impact of inflation	46	MANAGING FOR VALUE: Intel's currency trading	78
Impact of national income	46	Avoiding currency conversion errors	78
Impact of government restrictions	46	Direct and indirect quotations	79
USING THE WEB	46	USING THE WEB: Cross exchange rates	83
Impact of exchange rates on MNCs	47	Currency futures and options markets	84
The Marshall Lerner conditions	48	International money market	85
Interaction of factors	51	Origins and development	86
Correcting a balance of trade deficit	51	Is the Eurodollar a global currency?	88
Why a weak home currency is not a perfect solution	52	Standardizing global bank regulations	88
International capital flows	54	International credit market	90
USING THE WEB	55	Syndicated loans	90
Factors affecting foreign direct investment	55	International bond market	91
USING THE WEB: Foreign direct investment information	55	Eurobond market	91
Factors affecting international portfolio investment	56	Development of other bond markets	92
USING THE WEB	56	Comparing interest rates among currencies	93
Economic theories of international trade and investment	56	International stock markets	94
Agencies that facilitate international flows	60	Issuance of foreign shares in the US	94
International Monetary Fund	60	Issuance of shares in foreign markets	96
World Bank	63	USING THE WEB: Stock market trading information	97
World Trade Organization	63	International financial markets and the MNC	98
International Financial Corporation	64	Market efficiency and the efficient markets hypothesis	98
International Development Association	64	Summary	105
Bank for International Settlements	64	Critical debate	105
Regional development agencies	64	Self test	106
BRICS	64	Questions and applications	106
Summary	65	Advanced questions	107
Critical debate	65	Project workshop	108
Self test	66	Discussion in the boardroom	109
Questions and applications	66	Running your own MNC	109
Advanced questions	67	Endnotes	109
Project workshop	67	BLADES PLC CASE STUDY: Decisions to use international financial markets	110
Discussion in the boardroom	67	SMALL BUSINESS DILEMMA: Developing a multinational sporting goods industry	111
Running your own MNC	67	APPENDIX 3: Investing in international financial markets	112
Endnotes	68

MANAGING FOR VALUE: How interest rate parity affects IBM's hedge	272	SMALL BUSINESS DILEMMA: Assessment of the IFE by the Sports Exports Company	310
Summary	273	APPENDIX 8: Further notes on exchange rate models	311
Critical debate	273	PART 2: Integrative problem	316
Self test	274	PART 2: Essays/discussion and academic articles	317
Questions and applications	274		
Advanced questions	276		
Project workshop	277		

PART III: Exchange rate risk management

9 Forecasting exchange rates

Why firms forecast exchange rates	321
Forecasting techniques	324
Market efficiency	324
Technical forecasting	327
USING THE WEB	327
MANAGING FOR VALUE: How MNCs' earnings depend on currency values	328
Fundamental forecasting	328
Market-based forecasting	333
USING THE WEB: Forward rates as forecasts	334
Mixed forecasting	335
Forecasting services	337
USING THE WEB: Exchange rate forecasts	337
Performance of forecasting services	337
Evaluation of forecast performance	337
Forecast accuracy over time	338
Statistical test of forecasts – the de-trending problem	339
Should MNCs make exchange rate forecasts?	341
Exchange rate volatility	343
Methods of forecasting exchange rate volatility	344
USING THE WEB: Implied volatilities	346
Summary	346
Critical debate	346
Self test	347
Questions and applications	347
Advanced questions	349
Project workshop	350
Discussion in the boardroom	351
Running your own MNC	351
Endnotes	351
BLADES PLC CASE STUDY: Forecasting exchange rates	352
SMALL BUSINESS DILEMMA: Exchange rate forecasting by the Sports Exports Company	353

10 Measuring exposure to exchange rate fluctuations

Is exchange rate risk relevant?	355
Purchasing power parity argument	355
The investor/stakeholder hedge argument	355
Currency diversification argument	355
Creditor argument	355
MNC response	356
MANAGING FOR VALUE	357
Types of exposure	357

Transaction exposure	357
Estimating 'net' cash flows in each currency	357
Measuring the potential impact of the currency exposure	359
Assessing transaction exposure based on value-at-risk	363
Economic exposure	367
MANAGING FOR VALUE	367
Economic exposure to home currency appreciation	368
MANAGING FOR VALUE: Philips Electronics' exposure to exchange rate risk	369
Economic exposure to home currency depreciation	370
Economic exposure of domestic firms	370
Measuring economic exposure	370
Translation exposure	374
Does translation exposure matter?	375
Determinants of translation exposure	375
Examples of translation exposure	377
Summary	377
Critical debate	377
Self test	378
Questions and applications	378
Advanced questions	379
Project workshop	381
Discussion in the boardroom	382
Running your own MNC	382
BLADES PLC CASE STUDY: Assessment of exchange rate exposure	383
SMALL BUSINESS DILEMMA: Assessment of exchange rate exposure by the Sports Exports Company	384

11 Managing transaction exposure

Transaction exposure	386
Identifying net transaction exposure	386
Non-market methods for reducing transaction exposure	386
MANAGING FOR VALUE: Centralized management of exposure	388
Market methods for reducing transaction exposure	391
Futures hedge	391
Forward hedge	392
Currency option hedge	396
Comparison of hedging techniques	398
Hedging policies of MNCs	406
Limitations of hedging	407
MANAGING FOR VALUE: BP hedging strategy	407
Limitation of hedging an uncertain amount	407
Limitation of repeated short-term hedging	408
Hedging long-term transaction exposure	409
Long-term forward contract	409

Currency swap	409	BLADES PLC CASE STUDY: Assessment of economic exposure	445
Parallel loan	410	SMALL BUSINESS DILEMMA: Hedging the Sports Exports Company's economic exposure to exchange rate risk	446
Borrowing policy	411	PART 3: Integrative problem	447
Cross-hedging	411	PART 3: Essays/discussion and academic articles	448
Summary	411		
Critical debate	412		
Self test	412		
Questions and applications	413		
Advanced questions	416		
Project workshop	418		
Discussion in the boardroom	419		
Running your own MNC	419		
Endnote	419		
BLADES PLC CASE STUDY: Management of transaction exposure	420		
SMALL BUSINESS DILEMMA: Hedging decisions by the Sports Exports Company	421		
APPENDIX 11: Calculating the optimal size of a cross-currency hedge: the hedge ratio	422		
12 Managing economic exposure and translation exposure	424	PART IV: Long-term asset and liability management	449
Economic exposure	425	13 Foreign direct investment	450
USING THE WEB	425	The big picture	451
Use of the income statement to assess economic exposure	426	Investment appraisal – the modern approach	451
How restructuring can reduce economic exposure	428	Net present value	452
Issues involved in the restructuring decision	430	Real options	453
A case study in hedging economic exposure	431	Game theory and strategy	454
Case study – Silverton Ltd's dilemma	432	A combined view	455
MANAGING FOR VALUE: How auto manufacturers restructure to reduce exposure	432	Motives for foreign direct investment	456
Assessment of economic exposure	433	Firm-specific advantages (ownership)	456
Assessment of each unit's exposure	434	Internalization advantages	456
Identifying the source of the unit's exposure	434	Country-specific advantages	457
Possible strategies to hedge economic exposure	435	MANAGING FOR VALUE	457
Silverton's hedging solution	436	MANAGING FOR VALUE	457
Limitations of Silverton's optimal hedging strategy	437	MANAGING FOR VALUE	458
Hedging exposure to fixed assets	437	MANAGING FOR VALUE	458
Managing translation exposure	438	USING THE WEB: Foreign direct investment indicators	458
Use of forward contracts to hedge translation exposure	439	USING THE WEB	458
Limitations of hedging translation exposure	440	USING THE WEB: Foreign direct investment	459
Summary	441	MANAGING FOR VALUE: Yahoo!'s decision to expand internationally	459
Critical debate	441	Benefits of international diversification	460
Self test	441	Diversification analysis of international projects	460
Questions and applications	442	Diversification among countries	462
Advanced questions	442	USING THE WEB: Foreign direct investment information for a particular country	463
Project workshop	443	Host government views of foreign direct investment	463
Discussion in the boardroom	444	MANAGING FOR VALUE: India throws open doors to foreign supermarkets, again	463
Running your own MNC	444	The bargaining model	464
Endnote	444	MANAGING FOR VALUE: Tax paid by some global firms in UK 'an insult'	465
