Free Movement of Workers and Labour Market Adjustment

RECENT EXPERIENCES FROM OECD COUNTRIES
AND THE EUROPEAN UNION

Table of contents

Acronyms and abbreviations	15
Main findings of the joint EC/OECD conference on growing free labour mobility areas and trends in international migration, 14-15 November 2011, Brussels	19

Part I. The development of free mobility areas

Chapter 1. Free labour mobility areas across OECD countries: an overview <i>By Maria Vincenza Desiderio</i>	35
Introduction	36
1.1. Regional economic integration and liberalisation of labour mobility: developments across OECD countries	36
1.2. The impact of free labour mobility areas on international migration of workers	46
1.3. Conclusions	61
Notes	63
Bibliography	69
Chapter 2. Free labour mobility and economic shocks: the experience of the crisis <i>By Jonathan Chaloff, Julia Jauer, Thomas Liebig and Patrick Puhani</i>	71
Introduction	72
2.1. The impact of the crisis on the labour market outcomes of recent free-mobility migrants	72
2.2. Free mobility and the crisis	75
2.3. Free mobility – an adjustment mechanism during the crisis?	85
2.4. Conclusions	91
Notes	93
Bibliography	96
Annex 2.A1. Supplementary tables and figures	98

Part II. The labour market impact of free mobility in Europe

Chapter 3. EU enlargement and Ireland’s labour market <i>By Alan Barrett</i>	107
Introduction	108
3.1. Net migration to Ireland	108
3.2. Immigrants’ characteristics and outcomes	109
3.3. Immigrants’ impacts	111
3.4. The recession	113
3.5. Conclusions	115
Notes	115

Bibliography	116
Chapter 4. The United Kingdom experience of post-enlargement worker inflows from new EU member countries	
<i>By John Salt</i>	117
Introduction	118
4.1. Main characteristics of migrants from post-enlargement countries	119
4.2. Conclusions	127
Notes	129
Bibliography	130
Chapter 5. Labour mobility from new EU member countries: the impact on Italy	
<i>By Paola Monti</i>	133
Introduction	134
5.1. The enlarged labour mobility to Italy	134
5.2. Characteristics of new member states' immigrants	136
5.3. Impact on employment and wages	137
5.4. Impact on the welfare system	142
5.5. Conclusions	143
Notes	145
Bibliography	146
Chapter 6. Central and Eastern European labour migration to Norway: trends, conditions and challenges	
<i>By Jon Horgen Friberg, Kristian Rose Tronstad and Jon Erik Dølvik</i>	147
Introduction	148
6.1. Identifying causes and impacts of migration	149
6.2. New patterns of labour migration to the Nordic countries	150
6.3. Employment and working conditions: the case of Polish migrants in Oslo	159
6.4. The impact of migration on economy, labour markets and welfare	163
6.5. Conclusions	167
Notes	169
Bibliography	170
Annex 6.A1. Supplementary tables	172
Chapter 7. Labour market impacts of post-accession migration from Poland	
<i>By Pavel Kaczmarczyk</i>	173
Introduction	174
7.1. Post-accession migration from Poland: scale and structural features	174
7.2. Labour market impacts	179
7.3. Conclusions	189
Notes	191
Bibliography	192

Part III. Matching labour supply and demand

Chapter 8. The EU workforce and future international migration

<i>By Gery Coomans</i>	197
Introduction	198
8.1. The shifting working-age population	198
8.2. The quantity and quality of the workforce	200
8.3. The young workforce: the obvious bottleneck	205
8.4. The limits of the exercise	207
8.5. Conclusions	211
Notes	211

Chapter 9. Exploring conditions for EU growth given a shrinking workforce

<i>By Jörg Peschner</i>	213
Introduction	214
9.1. Europe's long-term growth potential and Europe 2020	214
9.2. The potential size of the employment gap and potential sources to fill it.....	217
9.3. Some policy considerations	220
9.4. Europe in the long term: the EU's potential to go beyond 75%	220
9.5. Will mobility help?	224
9.6. Focus on education for higher productivity increases	226
9.7. Conclusions	228
Notes	229
Bibliography	230
Annex 9.A1. Main assumptions and methodology	231

Chapter 10. Changing demographic, educational and migration patterns in new EU member countries

<i>By Martina Lubyova</i>	235
Introduction	236
10.1. Changing demographics: the role of migration in maintaining the active age population in the European Union	236
10.2. Structural considerations – ageing and foreign populations	228
10.3. The labour market needs implied	239
10.4. Education and skills for the new member states' labour markets	242
10.5. Conclusions	245
Notes	246
Bibliography	248

Part IV. Regional experiences beyond the European Union

Chapter 11. Migration and bilateral agreements in the Commonwealth of Independent States

<i>By Olga Chudinovskikh</i>	251
Introduction	252
11.1. Overview of the situation in the CIS	252
11.2. Labour migration in the CIS countries	256
11.3. Bilateral agreements on migration in the CIS	261

11.4. Obstacles to development of free zones for labour force circulation in the CIS	266
11.5. Conclusions	267
Notes	269
Bibliography	272

Chapter 12. Governing migration: public goods and private partnerships

<i>By James F. Hollifield</i>	277
Introduction	278
12.1. Global migration and mobility	278
12.2. A public goods approach to migration	281
12.3. Suasion and regional migration regimes	285
12.4. The emerging “migration state”	288
12.5. Conclusions	291
Bibliography	292
