Editors

Proceedings of the 18th International Symposium on Advancement of Construction Management and Real Estate

Contents

1	A Study of Rural Livestock and Poultry Breeding Pollution Problems in China's Urbanization Process	1
	Dan Wu, Weiwen Zhang, and Yuzhe Wu	
2	Competition Intensity: An Institutional Perspective on Sustainable Construction	11
	Kunhui Ye and Weina Zhu	
3	Analysis of Urbanization's Impaction on Industrial Structure	21
	Haizi Wang, Enze Cui, and Dong Zheng	
4	On the View of Sustainable Development: The New Urbanization Evaluation and Construction Study of Shaanxi	27
	Wenjun Wang and Xiaoxi Hu	
5	The Empirical Analysis of Shandong Province's Urbanization Level	41
	Haizi Wang, Dong Zheng, and Enze Cui	
6	Measuring the Degree of Rural Victims' Satisfaction with Concentrated Rural Settlement in Post-disaster Reconstruction in China: A Conceptual Model	49
	Yi Peng, Liyin Shen, Weisheng Lu, and Hongping Yuan	
7	Defining Sustainability Requirements for Design-Build (DB) Contractor Selection in Public Sector Projects	59
	Bo Xia, Martin Skitmore, Jian Zuo, Zhenyu Zhao, and Madhav Nepal	
8	Dynamic Management of Organization Structure for Residential Energy-Saving Reconstruction Enterprises	67
	YanJun Zhao, Xiaojun Liu, and Yan Zhao	

9	A Comparison of Sustainable Urban Development Indicators Between Major Cities in China	77
	Weijian Ren, Bei He, Jingyang Zhou, Hang Yan, and Liyin Shen	
10	Analysis of Feasibility on Integration of High-Rise Building and Wind Power	91
	Hong Zhou, Qi Wu, and Ding Nan	
11	Exploration on Legal Issues of Transfer Market of the Use Right of Collective Construction Land	103
	Yongyong Zhu	
12	Research on Evaluation of Sustainable Land Use of Resource-Based City Based on Circular Economy—A Case Study of Shuozhou City	109
	Ling Zhou, Chun Yuan, and Yuzhe Wu	
13	Study on the Proportion of Industrial Land in City of Zhejiang Province	121
	Lei Shi, Yuzhe Wu, and Xiaoling Zhang	
14	Empirical Study of the Influence of Urban Major Events on Land Use—with Shanghai Airport Park as an Example	131
	Yao Ni	
15	A Study on Obstacle Diagnosis and Support System of Sustainable Urban Land Use of Huangshi City in Hubei Province	139
	Ping Shen, Heyuan You, and Cifang Wu	
16	Theory and Practice of Urban Renewal: A Case Study of Hong Kong and Shenzhen	147
	Guoliang Ou and Gang Wu	
17	Land Reserve Patterns Selection of Brown Land: A Case Study of the Old Industrial Land Along the Zhujiang River in Guangzhou China	155
	Wenzhu Zhang, Ran Wang, Ting Yuan, and Zhigang Wu	
18	A Comparative Study of the Measurement Methods of Real Estate Bubbles	175
	Shenghua Jia and Hang Li	
19	Applications of Artificial Neural Networks in the Identification of Real Estate Cycles: Evidence from China	185
	Yang Li, Hong Zhang, Fei Yang, and Yue Wang	
20	Impacts of China's Monetary Policy on Development Investment of Different Uses Properties	197
	Yue Wang and Hong Zhang	

21 Impact of Mortgage on the Housing Market Based on IS-LM Model: Evidence from Shanghai in China 207
Fei Yang and Hong Zhang

22 Study on the Panjin Commercial Real Estate Demand Forecast Based on Grey System Theory 215
Yachen Liu and Shuai Zhang

23 The Problems and Solutions Facing Land Supply of Affordable Housing in China 223
Yachen Liu, Jian Ma, and Siqi Niu

24 Public Rental Housing Exit Mechanism Policy: Experience and Its Implications for China 231
Feng Zhao

25 Study on Effects of Land Supply System on Old-Age Care Institutions Developing in China 237
Dapeng Xiu and Wenjia Zuo

26 Study on Path Dependence in Reform of Housing System in China 253
Taozhi Zhuang, Guiwen Liu, Pengpeng Xu, and Guichong Chen

27 House Price Fluctuation Spillover Effects-Evidence from 35 Chinese Large and Medium-Sized Cities 263
Gang Wu and Guoliang Ou

28 Policy Change from Affordable Housing to Public Rental Housing: A Comparative Analysis Based on IAD Framework 275
Jiahui Shen, Yuzhe Wu, and Xiaoling Zhang

29 The Fluctuation Research of the Real Estate Cycle in China 285
Yachen Liu, Siqi Niu, and Jian Ma

30 An Analysis on the Important Factors Affecting the Housing Price—Based on a Five-Party Game Model 293
Li Ye, Xinmei Zhang, and Suhong Li

31 The Empirical Research of the Growth of the Listing Real Estate Company Based on the “Sustainable Growth Rate” Theory 303
Shuai Gao and Hong Zhang

32 Too Many and Too Few: Inefficiencies in China’s Affordable and Social Housing Sector 319
J. Albert Cao

33 Study on the Performance Evaluation of Economical Housing Policy in Xi'an, China	329
Donglang Yang, Baohua Huang, and Zhiyong Hou	
34 Sustainability Reporting in Construction Contractors: A Case Study	341
Jian Zuo, Zhenyu Zhao, Bo Xia, George Zillante, and Zhi-Yang Pan	
35 A Comparative Study of the Direct Costs Between Prefabricated Housing System and the Traditional Construction Technology—A Case Study of Precast Concrete Wall Panel	349
Shan Zhang, Yuhong Pan, Ning Li, and Qi Sun	
36 Consideration to the Positioning and the Role of Building in Business Continuity Plan	359
Takuro Yoshida, Masahiro Murakami, Masamitsu Miyamura, and Tomohiro Kubo	
37 Cultural Diversity and Workplace Safety on Australian Construction Sites	371
Yingbin Feng	
38 Research on the Evolution Processes and Modes of Construction Project Safety Accidents	381
Xiaoli Yan	
39 Study on Design Method of Project Management System Based on Nuclear Power Engineering General Contracting Enterprise	391
Jianjun She, Hu Cheng, and Yumeng Chen	
40 The Risk Assessment of the Public Rental Housing Integrated ABS Project Based on FAHP/FCE	405
Yachen Liu and Yong Li	
41 Research on the Forecasting of Construction Accidents with the Cubic Exponential Smoothing Method	415
Chao He, Xiaoli Yan, and Yilang Huang	
42 Analysis of the Interactions Between Risks Affecting Construction Project Cost	423
Pengpeng Li, Jiayuan Wang, and Hongping Yuan	
43 Applying the DSM to Design Project Scheduling: A Case Study	433
Yanjuan Qian and Donglang Yang	
44 'Performance' Specifications for Improved Productivity and Better Value	441
John Douglas Thomson	

45 Construction and Analysis of the Structural Important Degree for the Fire Fault Tree of High-Rise Building Fire Accidents	455
Yilang Huang, Xiaoli Yan, and Chao He	
46 Building and Operation of Construction Supply Chain Information Integration Management Mode Based on Building Information Model	467
Jianjian Bao, Zhenmin Su, and Shaojun Jin	
47 Research of the Investment Departure Early Warning Model of Infrastructure Projects Based on BP Neural Network	477
Li Wang	
48 Evaluation Indicators for the Efficiency of Metro Systems from a Socio-economic-technical Perspective	487
Liyin Shen, Liudan Jiao, Jingyang Zhou, and Weijian Ren	
49 A Study on the New Method to Educate Construction Engineers of Subcontractors and General Contractors Through Internships in Japan	497
Hitoshi Mihara, Takuro Yoshida, Masato Urae, and Tetsuo HOJO	
50 Green Design of a Public Building in Shenzhen	517
Cong Xiong, Yan Zhou, and Jian Liu	
51 Evaluating the Effectiveness of Construction and Demolition Waste Management Strategies	531
Zezhou Wu and Ann T.W. Yu	
52 Estimating the Amount of Building-Related Construction and Demolition Waste in China	539
Weisheng Lu	
53 Use of z-Tree in Experimental Teaching in Real Estate Courses: Programming and Implementing the Housing Search Experiment	549
Yang Zhang and Hong Zhang	
54 An Assessment of the Correlation Between Indoor Environmental Quality and Productivity in a University Building: Occupants' Perspective	561
C.O. Aigbavboa and W.D. Thwala	
55 Measurement and Impact of the Real Estate Developers' Monopoly Power: Evidence from the Major Cities in China	569
Fan Yang and Hongyu Liu	
56 A New Horizon for Construction Waste Management Research from a Complex Adaptive System Perspective	581
Zhikun Ding, Jinchuang Wu, Jiayuan Wang, and Hongtao Wang	

57	How the Administrative and Market Forces Influence Organization Evolution – A Case Study on Megaproject Management	593
	Yun Le, Zhao Zhai, and Jianxun Xie	
58	Investment-Cash Flow Sensitivities: Evidence from China Listed Real Estate Operating Companies	601
	Jiawei Lu and Shenghua Jia	
59	Status Analysis and Trend Prediction for the Labor Costs of Chinese Construction Industry	609
	Guiwen Liu and Yanbo Diao	
60	The Comparison About the Nominated Subcontractor Between China and Foreign Construction Contracts	621
	Hong Zhang, Fengjiao Sun, and Xingfang Li	
61	The Empirical Study of Commercial Real Estate Market Structure and Performance Based on SCP Theory	631
	Qunhong Liu and Jing Gao	
62	Research on the Development Strategy of Building Energy Efficiency Service Industry	639
	Yu Fan and Li Zhang	
63	Getting Out of the Land Financial Predicament – A Systematic Thinking	649
	Pengfei Yang, Dong Zheng, and Enze Cui	
64	Empirical Analysis on Transfer and Limitation of Land Contractual Management Right–Based on a Survey of 506 Farmer Households in Zhejiang, Jiangxi and Guangxi	657
	Xiuqing Zou and Mengsi Zhou	
65	A New Integrated Index for Urban Quality of Life Based on Estimated WTP from Housing Market	665
	Yingjie Zhang, Yuan Zhang, and Antoine Nguy	
66	The Evolution of Chinese Commercial Property Market	677
	Qiulin Ke	
67	The Empirical Analysis to the Improvement of Local Finance System by the Full-Scale Taxation of the Real Property	685
	Weidong Qu, Wei Yang, Shuo Yang, and Jiajia Wang	
68	An Evaluation of Students’ Satisfaction with University Hall of Residence	703
	C.O. Aigbavboa, W.D. Thwala, and C.C. Eke
