# Contents

## Part I Fundamentals of Innovation and Product Management

<b>1 Corporate Success Through Market Driven Innovation . . . . .</b>	<b>3</b>
1.1 Introduction . . . . .	3
1.2 Innovation and Innovation Management . . . . .	5
1.2.1 Framing of the Term “Innovation” . . . . .	5
1.2.2 Innovation Management . . . . .	5
1.2.3 Classifying Types of Innovation . . . . .	6
1.3 Innovation and Uncertainty . . . . .	8
1.3.1 Dimensions of Uncertainty . . . . .	9
1.3.2 Levels of Uncertainty . . . . .	12
1.4 Significance of Innovations for Business Management . . . . .	14
1.5 Success Factors of Innovation Management . . . . .	15
1.5.1 Innovation Strategy . . . . .	15
1.5.2 Innovation Process . . . . .	17
1.5.3 Resources and Innovation . . . . .	19
1.5.4 Innovation Culture . . . . .	20
1.6 Innovation Related Special Features of SMEs . . . . .	20
References . . . . .	21
<b>2 Integrated Innovation and Product Management:</b>	
<b>A Process Oriented Framework . . . . .</b>	<b>27</b>
2.1 Introduction . . . . .	27
2.2 The Role of Product Management . . . . .	29
2.2.1 Strategic Tasks . . . . .	29
2.2.2 Operational Tasks . . . . .	30
2.3 Process-Oriented Innovation and Product Management . . . . .	31
2.3.1 Innovation Management as a Core Task . . . . .	31
2.3.2 Integrated Process Model of Innovation and Product Management . . . . .	35

2.4	Implementing the Process Model . . . . .	37
2.4.1	Team-Building . . . . .	38
2.4.2	Analysis . . . . .	38
2.4.3	Process Specification . . . . .	39
2.4.4	Process Implementation . . . . .	40
	References . . . . .	41
<b>3</b>	<b>The Front End of Innovation . . . . .</b>	<b>43</b>
3.1	Introduction . . . . .	43
3.2	Characteristics of the Front End of Innovation . . . . .	44
3.3	Success Factors at the FEI . . . . .	46
3.4	Models of Front End of Innovation . . . . .	46
3.4.1	Variable Degree of Structuring the Front End of Innovation . . . . .	48
3.4.2	Theoretical Process Models for the Front End of Innovation . . . . .	48
	References . . . . .	58
<b>4</b>	<b>Innovation Strategy . . . . .</b>	<b>61</b>
4.1	Introduction . . . . .	61
4.2	Innovation Strategy as Part of the Corporate Strategy . . . . .	63
4.2.1	What Does Strategy Mean? . . . . .	63
4.2.2	Innovation Strategy and Strategic Business Management . . . . .	64
4.3	A Closer Look at Innovation Strategy . . . . .	65
4.3.1	Components of the Innovation Strategy . . . . .	66
4.3.2	Characteristics of the Innovation Strategy . . . . .	67
4.3.3	Innovation Strategy and Uncertainty . . . . .	68
4.4	Bringing Innovation Strategy to Life: A Process Oriented Approach . . . . .	70
4.4.1	Situation Analysis . . . . .	71
4.4.2	Strategy Formulation . . . . .	76
4.4.3	Strategy Implementation . . . . .	76
4.4.4	Evaluation and Control . . . . .	77
	References . . . . .	78

## **Part II Process of Innovation and Product Management**

<b>5</b>	<b>Idea Management and Open Innovation . . . . .</b>	<b>83</b>
5.1	Introduction . . . . .	83
5.2	Open Innovation: A Central Approach . . . . .	84
5.3	Gathering Ideas . . . . .	86
5.3.1	Collection Versus Generation of Ideas . . . . .	86
5.3.2	Definition of Search Fields . . . . .	87
5.3.3	Sources of Information and Ideas . . . . .	88
5.3.4	External Sources of Information and Ideas . . . . .	88
5.3.5	Internal Sources of Information and Ideas . . . . .	92

5.4	Open Innovation Tools . . . . .	93
5.4.1	Empathic Design . . . . .	94
5.4.2	Idea Contest . . . . .	95
5.4.3	Integration of Lead Users . . . . .	97
5.4.4	IT-Based Innovation Toolkits . . . . .	100
5.4.5	Idea Market Places . . . . .	103
5.4.6	Innovation Communities . . . . .	103
5.4.7	Classical Market Research . . . . .	103
5.4.8	Challenges with Open Innovation . . . . .	104
5.5	Idea Management . . . . .	104
5.5.1	Collecting and Storing Ideas . . . . .	105
5.5.2	Idea Evaluation . . . . .	106
5.5.3	Incentive System . . . . .	108
	References . . . . .	109
6	<b>Creativity Techniques . . . . .</b>	<b>115</b>
6.1	Introduction . . . . .	115
6.2	Creativity . . . . .	117
6.3	The Creative Process . . . . .	118
6.4	Use of Creativity Techniques . . . . .	120
6.4.1	Classification of Creativity Techniques . . . . .	121
6.4.2	Creativity Techniques in the Problem Solving Process . . . . .	121
6.4.3	Comparison of Creativity Techniques . . . . .	131
	References . . . . .	131
7	<b>Product Concept . . . . .</b>	<b>135</b>
7.1	Introduction . . . . .	135
7.2	Systematic Product Concept Development . . . . .	137
7.3	Analyzing Markets and Competitors . . . . .	137
7.3.1	Information Needs . . . . .	137
7.3.2	Positioning Analysis . . . . .	139
7.4	Concept Definition . . . . .	142
7.4.1	Preference Measuring via Conjoint Analysis . . . . .	142
7.4.2	Target Costing . . . . .	146
7.4.3	Requirements Specification Sheet . . . . .	151
7.5	Concept Evaluation . . . . .	152
7.5.1	Dimensions and Procedure of Concept Testing . . . . .	152
7.5.2	Scoring Models . . . . .	154
7.5.3	Profitability Analysis . . . . .	154
7.6	Concept Approval . . . . .	156

7.7	Quality Function Deployment . . . . .	157
7.7.1	Introduction . . . . .	157
7.7.2	What Does Quality Function Deployment Mean? . . . . .	157
7.7.3	Systematic Quality Management Through QFD . . . . .	158
7.7.4	The QFD Process . . . . .	159
7.7.5	Strengths and Weaknesses of QFD . . . . .	169
	References . . . . .	169
<b>8</b>	<b>The New Product Development . . . . .</b>	<b>175</b>
8.1	Introduction . . . . .	175
8.2	New Product Development . . . . .	177
8.2.1	Uncertainty in New Product Development . . . . .	177
8.2.2	Classification of New Products . . . . .	178
8.2.3	Agile Product Development . . . . .	179
8.3	The V-Model for a Systematic Product Development Process . . . . .	180
8.3.1	Requirements for Development . . . . .	182
8.3.2	Specifications . . . . .	183
8.3.3	System and Product Design . . . . .	183
8.3.4	Model Formation and Simulation . . . . .	183
8.3.5	Domain-Specific Component Draft . . . . .	184
8.3.6	Prototypes . . . . .	184
8.3.7	Component Integration . . . . .	185
8.3.8	Module Test . . . . .	185
8.3.9	System Integration (Hardware) . . . . .	186
8.3.10	System Integration (Software) . . . . .	187
8.3.11	System and Product Tests . . . . .	187
8.3.12	Field Tests . . . . .	187
8.3.13	Production and Market Tests . . . . .	189
8.4	Simultaneous Engineering (Concurrent Engineering) . . . . .	191
8.4.1	Guiding Principles of Simultaneous Engineering . . . . .	192
8.4.2	Effects of Simultaneous Engineering . . . . .	193
8.5	Tools of Virtual and Rapid Prototyping . . . . .	195
8.5.1	Definition Prototyping . . . . .	196
8.5.2	Options for Product Representation . . . . .	197
8.5.3	Model Building and Model Analysis . . . . .	198
8.5.4	Product Data Management . . . . .	201
8.5.5	Rapid Prototyping . . . . .	202
8.5.6	Reverse Engineering . . . . .	202
	References . . . . .	203
<b>9</b>	<b>Life Cycle Management . . . . .</b>	<b>207</b>
9.1	Introduction . . . . .	207
9.2	The Product Life Cycle Concept . . . . .	209
9.3	Market Introduction of New Products . . . . .	212

9.3.1 The Introduction Phase’s Significance for the Market  
Success of Innovations . . . . . 212

9.3.2 Management Tasks During the Introductory Phase . . . . . 212

9.4 Product Maintenance as a Core Task of Product Management . . . . . 213

9.4.1 Information Base for Product Maintenance . . . . . 213

9.4.2 Strategy Continuum in Product Maintenance . . . . . 214

9.4.3 Management Tasks During the Growth Phase . . . . . 214

9.4.4 Management Tasks During the Maturity Phase . . . . . 216

9.4.5 Management Tasks During the Phase of Decline . . . . . 218

References . . . . . 219

**Part III Innovation and Product Management: Broadening the Topic**

**10 Organization and Uncertainty . . . . . 223**

10.1 Introduction . . . . . 223

10.2 Fundamental Dimensions of Organizations . . . . . 227

10.2.1 Specialization . . . . . 228

10.2.2 Configuration . . . . . 230

10.2.3 Coordination . . . . . 233

10.3 Organizational Structures for Innovation Management . . . . . 237

10.3.1 Company-Internal Innovation Activity . . . . . 238

10.3.2 External Innovation Activities . . . . . 244

10.3.3 Ambidextrous Organization . . . . . 245

10.4 Organizational Structure for Product Management . . . . . 248

10.4.1 Requirements for a PM Organization . . . . . 248

10.4.2 PM as Unilinear Function . . . . . 250

10.4.3 PM as Executive Support Unit Function . . . . . 250

10.4.4 PM in a Matrix Organization . . . . . 250

10.5 Organizational Structure Framework . . . . . 250

References . . . . . 253

**11 Globalization and Innovation . . . . . 259**

11.1 Introduction . . . . . 259

11.2 Globalization and Innovation Interactions . . . . . 261

11.2.1 Globalization Drivers . . . . . 262

11.2.2 Global Marketing Levers . . . . . 263

11.2.3 Innovations for Global Markets . . . . . 264

11.2.4 The Effects of Uncertainty in Globalization . . . . . 264

11.2.5 Opportunities at the Bottom of the Pyramid . . . . . 265

11.2.6 Diffusion in Global Markets . . . . . 266

11.3 Global Environment Assessment . . . . . 267

11.3.1 Global NPD and Culture . . . . . 267

11.3.2 Economic Environment . . . . . 268

11.3.3 Financial Environment . . . . . 269

11.3.4 Political and Legal Environment . . . . . 269

11.3.5 Scenario Analysis . . . . . 269

11.4	Strategic Aspects of Global Product Management . . . . .	270
11.4.1	Global Expansion Strategies . . . . .	270
11.4.2	Standardization vs. Adaptation? . . . . .	270
11.4.3	Complexity of Global Sourcing . . . . .	273
11.4.4	Entry Strategies . . . . .	275
11.5	Managing Global Offers . . . . .	275
11.5.1	Global Product Policy . . . . .	275
11.5.2	Pricing, Communication, Global Logistics and Distribution . . . . .	279
	References . . . . .	280
<b>12</b>	<b>Service Engineering and Management . . . . .</b>	<b>283</b>
12.1	Introduction . . . . .	283
12.2	The Importance of Services . . . . .	285
12.3	Characteristics of Services . . . . .	287
12.4	Specifics of the Service Development Process . . . . .	288
12.4.1	Sub Concepts Within the SDP Process . . . . .	290
12.4.2	Implementation of Services . . . . .	292
12.5	Marketing for Services . . . . .	293
	References . . . . .	294
