## **1 Business and management research, reflective diaries and the purpose of this book** **2**

*Mark Saunders, Philip Lewis and Adrian Thornhill*

|   |           |
|---|-----------|
| Learning outcomes   | 2         |
| 1.1 Introduction  | 2         |
| 1.2 The nature of research  | 4         |
| 1.3 Business and management research  | 5         |
| 1.4 The research process  | 11        |
| 1.5 Keeping a reflective diary or research notebook                           | 11        |
| 1.6 The purpose and structure of this book                                    | 15        |
| 1.7 Summary   | 18        |
| Self-check questions  | 19        |
| Review and discussion questions   | 19        |
| Progressing your research project: Starting your reflective diary or notebook | 20        |
| References  | 20        |
| Further reading   | 21        |
| <b>Case 1: Researching buyer–supplier relationships</b>                       | <b>22</b> |
| <i>Rosanna Cole</i>   |           |
| Self-check answers  | 23        |

|          |   |           |
|----------|---|-----------|
| <b>2</b> | <b>Formulating and clarifying the research topic</b>                          | <b>26</b> |
|          | <i>Mark Saunders, Philip Lewis and Adrian Thornhill</i>                       |           |
|          | Learning outcomes   | 26        |
| 2.1      | Introduction  | 26        |
| 2.2      | Attributes of a good research topic   | 28        |
| 2.3      | Generating and refining research ideas  | 31        |
| 2.4      | Turning research ideas into research projects                                 | 42        |
| 2.5      | Writing your research proposal  | 53        |
| 2.6      | Summary   | 60        |
|          | Self-check questions  | 60        |
|          | Review and discussion questions   | 61        |
|          | Progressing your research project: From research ideas to a research proposal | 61        |
|          | References  | 62        |
|          | Further reading   | 63        |
|          | <b>Case 2: 'Helpful but not required': A student research proposal</b>        | <b>64</b> |
|          | <i>Mark Saunders, Philip Lewis and Adrian Thornhill</i>                       |           |
|          | Self-check answers  | 68        |
| <b>3</b> | <b>Critically reviewing the literature</b>                                    | <b>70</b> |
|          | <i>Mark Saunders, Philip Lewis and Adrian Thornhill</i>                       |           |
|          | Learning outcomes   | 70        |
| 3.1      | Introduction  | 70        |
| 3.2      | The critical review   | 72        |
| 3.3      | Literature sources  | 83        |
| 3.4      | Planning your literature search strategy                                      | 90        |
| 3.5      | Conducting your literature search   | 93        |
| 3.6      | Obtaining and evaluating the literature                                       | 102       |
| 3.7      | Recording the literature  | 106       |
| 3.8      | Using Systematic Review   | 108       |
| 3.9      | Plagiarism  | 110       |
| 3.10     | Summary   | 112       |
|          | Self-check questions  | 112       |
|          | Review and discussion questions   | 114       |
|          | Progressing your research project: Critically reviewing the literature        | 114       |
|          | References  | 115       |

| <br><b>5 Formulating the research design</b>   | <br><b>162</b> |
| <i>Mark Saunders, Philip Lewis and Adrian Thornhill</i>  |                |
| Learning outcomes  | 162            |
| 5.1 Introduction   | 162            |
| 5.2 Choice and coherence in research design  | 163            |
| 5.3 Methodological choice: the use of a quantitative, qualitative or mixed methods research design | 165            |
| 5.4 Recognising the purpose of your research design  | 174            |
| 5.5 Choosing a research strategy or strategies   | 177            |
| 5.6 Choosing a time horizon  | 200            |
| 5.7 Establishing the ethics of the research design   | 201            |
| 5.8 Establishing the quality of the research design  | 201            |
| 5.9 Taking into account your role as researcher  | 207            |

|          |   |            |
|----------|---|------------|
| 5.10     | Summary   | 209        |
|          | Self-check questions  | 209        |
|          | Review and discussion questions   | 210        |
|          | Progressing your research project: Deciding on your research design                 | 211        |

## Appendices

|  |     |
|--|-----|
| 1 Systems of referencing                     | 688 |
| 2 Calculating the minimum sample size        | 704 |
| 3 Random sampling numbers                    | 706 |
| 4 Guidelines for non-discriminatory language | 707 |
| Glossary                                     | 710 |
| Index  | 731 |

### Supporting resources

Visit [www.pearsoned.co.uk/saunders](http://www.pearsoned.co.uk/saunders) to find valuable online resources.

#### Companion Website for students

- Multiple-choice questions to test your learning
- Tutorials and datasets for Excel, NVivo and SPSS
- Updated research datasets to practise with
- Updated additional case studies with accompanying questions
- Smarter Online Searching Guide – how to make the most of the Internet in your research
- Online glossary

#### For instructors

- Complete, downloadable Instructor's Manual
- PowerPoint slides that can be downloaded and used for presentations

**Also:** The regularly maintained Companion Website provides the following features:

- Search tool to help locate specific items of content
- Email results and profile tools to send results of quizzes to instructors
- Online help and support to assist with website usage and troubleshooting

For more information please contact your local Pearson Education sales representative or visit [www.pearsoned.co.uk/saunders](http://www.pearsoned.co.uk/saunders).
