

**ESSAYS ON REVERSAL AND MOMENTUM PATTERNS IN
STOCK MARKETS: EVIDENCE FROM THE
U.S. AND EUROPE**

**(AUFSÄTZE ZU REVERSAL- UND MOMENTUM-
EFFEKten AM US-AMERIKANISCHEN UND
EUROPÄISCHEN AKTIENMARKT)**

**der Rechts- und Wirtschaftswissenschaftlichen Fakultät
des Fachbereichs Wirtschaftswissenschaften**

der Friedrich-Alexander-Universität Erlangen-Nürnberg

zur Erlangung des Doktorgrades

Dr. rer. pol.

vorgelegt von

Dipl.-Kff. (Int.) Hannah Lea Hühn

Contents

I.	Introduction	1
1.	Motivation and research questions.....	1
2.	Research objectives and structure of the thesis.....	5
II.	Alpha momentum and price momentum.....	13
1.	Introduction.....	14
2.	Portfolio construction and performance evaluation	18
3.	Empirical analysis	20
3.1	Data.....	20
3.2	Return predictability of past return and past alpha.....	21
3.3	Performance of momentum strategies in portfolio context	23
3.4	Dynamic factor exposures of momentum strategies.....	27
3.5	Dominance of momentum strategies	29
4.	Sources of different momentum profits	34
4.1	Momentum effects for subsets of stocks and long-term performance.....	34
4.2	Sentiment and momentum	42
5.	Conclusion	45
	Appendix A: Screening procedures following Ince and Porter (2006).....	47
	Appendix B: Additional tables for Section 3 “Empirical analysis”.....	48
	Appendix C: Additional table and figure for Section 4 “Sources of different momentum profits”	54
III.	Reversal and momentum patterns in weekly stock returns: European evidence	60
1.	Introduction.....	61
2.	Portfolio construction and performance evaluation	65
3.	Empirical analysis	67
3.1	Data.....	67

3.2 Performance of strategies in portfolio context.....	68
3.3 Dominance of strategies in portfolio context.....	70
3.4 Return predictability of weekly returns and weekly stock-specific returns	73
4. Relation between weekly returns and stock characteristics	76
4.1 Portfolio level analysis	76
4.2 Return predictability of weekly stock-specific returns and stock characteristics	83
5. Robustness tests	87
5.1 Industries and short-term reversal and medium-term momentum patterns	87
5.2 Sub-period analysis for short-term reversal and medium-term momentum patterns.....	90
5.3 The January effect and short-term reversal and medium-term momentum patterns.....	91
5.4 Market states and short-term reversal and medium-term momentum patterns.....	92
6. Conclusion	95
Appendix A: Screening procedures following Ince and Porter (2006).....	97
Appendix B: Additional tables for Section 3 “Empirical analysis”	98
Appendix C: Additional tables for Section 4 “Relation between weekly returns and stock characteristics”.....	103
Appendix D: Additional tables for Section 5 „Robustness tests“	123
IV. Industry momentum: The role of time-varying factor exposures and market conditions	139
1. Introduction.....	140
2. Data and methodology	143
2.1 Data.....	143
2.2 Portfolio construction	144
2.3 Performance evaluation	145

3. Performance of industry momentum strategies and time-varying factor exposures.....	146
3.1 Performance of industry momentum strategies	146
3.2 Dynamic factor exposures and risk-adjusted returns of industry momentum strategies	148
4. Relation between industry momentum strategies and market conditions.....	151
4.1 Crashes of industry momentum strategies.....	151
4.2 Market states and industry momentum strategies.....	155
4.3 The business cycle and industry momentum strategies.....	160
4.4 Sentiment and industry momentum strategies.....	164
5. Conclusion	167
Appendix A: Additional tables for Section 3 “Performance of industry momentum strategies and time-varying factor exposures”	169
Appendix B: Additional tables for Section 4 “Relation between industry momentum strategies and market conditions”	171
V. Conclusion.....	186
VI. Zusammenfassung.....	188
