Doughnut Economics

Seven Ways to Think
Like a 21st Century Economist

KATE RAWORTH

Chelsea Green Publishing
White River Junction, Vermont
CONTENTS

Who Wants to be an Economist? 1

1. Change the Goal 27
   *from GDP to the Doughnut*

2. See the Big Picture 53
   *from self-contained market to embedded economy*

3. Nurture Human Nature 81
   *from rational economic man to social adaptable humans*

4. Get Savvy with Systems 111
   *from mechanical equilibrium to dynamic complexity*

5. Design to Distribute 139
   *from 'growth will even it up again' to distributive by design*

6. Create to Regenerate 175
   *from 'growth will clean it up again' to regenerative by design*

7. Be Agnostic about Growth 207
   *from growth addicted to growth agnostic*
